

Adding Vehicles to your Driver Profile on Rideshare App

Ivee will provide all the documents and information you need when you rent a vehicle from us.

Lyft

- Log into your driver account on lyft.com OR go to your Lyft Driver app on your phone
- Under the “Vehicles” side tab, click “Add vehicle” OR click on your profile picture → “Vehicle” → “+” → “Add a personal vehicle”
- **Populate** fields for the Ivee vehicle you have reserved:
 - Year, Make, Model, # of doors, Color, # of seatbelts, State, License plate #
- **Upload** documents for the vehicle you have reserved (provided by Ivee after you have made a reservation):
 - **Vehicle Insurance**
 - Certificate of Insurance - this will list your name as the insured for the Ivee vehicle you have reserved
 - **Vehicle Inspection Form**
 - All of Ivee’s vehicles have been inspected and approved in California by Lyft

Uber

- Log into your driver account on uber.com OR go to your Uber Driver app on your phone
- Click on “My Profile” under your name on the top right corner, then go to the “Vehicles” tab and click “Add Vehicle” OR click on your profile picture → “Account” → “Vehicles” → “Add a Vehicle”
- **Populate** fields for the Ivee vehicle you have reserved:
 - Make, Model, Year, License plate #, Vehicle Color
- **Upload** documents for the vehicle you have reserved (provided by Ivee after you have made a reservation):
 - **Vehicle Registration**
 - All of Ivee’s vehicles are registered in California
 - **Vehicle Insurance**
 - Certificate of Insurance - this will list your name as the insured for the Ivee vehicle you have reserved
 - **Vehicle Inspection Form**
 - All of Ivee’s vehicles have been inspected and approved in California by Uber
- **Pro tip:** to start chatting with a live Uber agent online, go to this [link](#). Under “Help”, click on “Chat with Support”.
